

BAR

Designed for intimate gatherings where food and conversation take centre stage, 'The Sele' setup transforms our function space into a luxurious private dining room. Flooded with natural light from the floor-to-ceiling windows, this layout offers stunning views of the Abbey and the park beyond, providing a dramatic backdrop for your meal.

We can configure the room with one grand banquet table for up to 30 guests, creating a majestic, family-style atmosphere.

This option is ideal for couples seeking a relaxed, sophisticated lunch or dinner celebration without the pressure of a large evening event.
